PUTTER-HEAD GATE

Guide your putter through clean contact

1 SET THE GATE

Place two tees just outside the putter head. Keep them out of the ball's path.

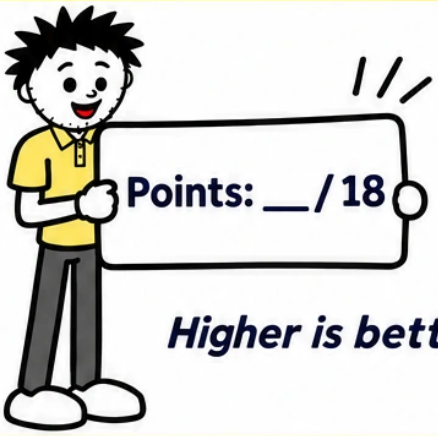

2 MISS THE TEES

Make a clean stroke without clipping a tee. Widen the gap slightly if needed.

3 SCORE 18 ATTEMPTS

Pause and check line and pace. Score 1 point per clean strike that misses the tees. Total: __ / 18.

Higher is better

Clean contact • Miss the tees

Your 18-attempt practice record

Putter-Head Gate: Miss the Tees

The tees sit beside the putter head, outside its heel and toe. Score 1 for a clean strike that misses both tees, and 0 when that condition is not met.

Date: _____ **Location:** _____ **Gate width:** _____

1. **Set the head gate**

   Place a tee just outside the heel and another outside the toe. Leave a little clearance and keep the ball path clear.

2. **Miss the tees**

   Make a smooth stroke through the gate. Reset after a clip; widen the gap if contact is unsafe or frequent.

3. **Score 18 attempts**

   Pause to check line and pace before every putt. Record one point per clean strike that misses both tees.

Write 0 or 1 for each attempt.

Three groups of six attempts. A holed putt does not replace the clean-strike condition.

PUTT	1	2	3	4	5	6	TOTAL
Group 1							/ 6
Group 2							/ 6
Group 3							/ 6

Score the clean strike that misses the putter-head gate.

TOTAL: _____ / 18
