1. **Choose one putt**

   Pick a straight putt of about three metres. Keep the same starting point throughout the round.

2. **Build the streak**

   Use your full routine on every attempt. A miss ends the streak; the next holed putt starts a new run at one.

3. **Stop after 10 attempts**

   Count both makes and misses. Record the longest unbroken run you achieved within those 10 putts.

Write your current holed-putt streak after each attempt.

A miss restarts the streak only. The whole round stays within 10 attempts.
